Argument

for the second continuous seminar of the VPS as a seminar

inscribed into the Freudian Field: Formations of the Unconscious by Jacques Lacan

The Viennese Psychoanalytic Seminar (a cooperation between the New Lacanian Field Austria and the Freudian Field) again is organizing now the second year a permanent teaching seminar in Vienna. In autumn 2018, the first seminar of this series with Laure Naveau, Anne Lysy and Gil Caroz takes place. It is open to clinicians and students of the New Lacanian Field Austria.

After Seminar IV, 'The Object Relation', in the previous year, in 2018/19 Lacan's Seminar V, The Formations of the Unconscious, will be the subject of the ongoing seminar.

The continuous seminar is structured in a series of three seminars, each consisting of a lecture on Friday evening and an all-day block on the following Saturday.

In addition to working with the text of Seminar V, four clinical cases will be discussed each time. Participants can download the cases for a limited period of time by means of a link and a password from the homepage of the New Lacanian Field. For this reason it is necessary to register in advance for the seminar and to pay the seminar fee.

The seminar series is to be booked as a block. If there are remaining places the seminars can be registered separately.
